

General

204 people identified one priority that they believed would improve the Parish. Based on our analysis and categorising of the priorities, the top 6 identified were:

- Resolution of parking problems throughout the area (31 comments)
- No further housing to be built (19 comments)
- A weight limit and/or diversion for traffic away from the High Street (15 comments)
- Stop anti-social behaviour (incl drug & alcohol comments) and reduce unwelcome residents (14 comments)
- Greater police presence (13 comments)
- Encourage employment opportunities (10 comments)

Our analysis of all the comments is attached as Appendix A.

136 people also left general comments. The analysis of these is shown at Appendix B. Most respondents made comments about several areas that were obviously important to them so there are a wide range of issues and suggestions that have been included.

The top three comments are:

- A full time police presence is needed in the town (19 comments)
- Parking is a problem that needs resolving for the benefit of all (11 comments)
- Parking restrictions will not work or will be detrimental to many (10 comments)

Parking in Cleobury

88.8% of respondents own or drive a car.

Respondents were then asked a series of questions about parking in Cleobury. The full results are shown at figure 29.

Judging by the comments made about parking throughout the questionnaire, this is a contentious issue.
