

Ref - New nursing home, Cleobury Mortimer

**Notice of works; Proposed Road Works - A4117 High Street and Vaughan Road
Cleobury Mortimer**

Dear Residents, Businesses

We would like to inform you that we are due to carry out off site drainage works to the main High Street and to Vaughan road.

This is to enable us to connect to the drainage system along with a new electrical supply to the substation.

Works are planned to commence on the 11th March through to the 5th April 19. Scope of works will include, traffic management, excavations, drainage and service ducts for western power distribution. All operations will be segregated, and traffic will be controlled by temporary traffic lights with signage displayed in accordance with highways requirements. Access routes will be maintained although this will be reduced to one lane traffic in areas so that we can excavate and install the new services. Temporary traffic lights will be in place to manage the flow of traffic for these areas

We apologise for any inconvenience caused during these works and will endeavour to ensure works are completed as quickly as possible, reinstating areas and removal of traffic lights by the planned completion date

Kind Regards

Emergency contact details are:
