

Precept Calculation 2019/20

Cleobury Mortimer Town Council receives most of its income from the Precept element of the Council Tax. We prepare a budget for our proposed income and expenditure each year which enables us to calculate the Precept required.

For 2019/20, Council proposed to increase the Precept by 2.5% to £115,000. This represents a year on year increase of £2,800 over the previous year. We have gone with this increase to cover inflation and to ensure delivery of community projects which we have consulted on. The charge per household is calculated according to your Council Tax banding.

The breakdown of changes in your Council Tax is as follows:

	%
Shropshire Council	3.0
Shropshire – Adult Social Care	1.0
Shropshire – Fire & Rescue	3.0
West Mercia Police	9.9
Cleobury Mortimer Town Council	2.5
Total Council Tax Bill change	4.5
