Taken in 2018 these photos show the Park as it was, with tired and drab wooden equipment, that did not encourage children to play safely and give any variety in their play.

The Whole area needed a rethink to encourage and entertain younger children.

WE NOW MOVE ON TO JANUARY 2020 WHEN THE WORK STARTED

In January and February 2020, the work was well under way with Wicksteed working through the bad weather to remove all the old equipment and fit all the new equipment. They also gave the equipment we were keeping a new lease of life.

**FINALLY MOVE ON TO 27th JULY 2020
WHEN WE WERE FINALLY ALLOWED
TO OPEN THE PARK.**

Photos provided by Steve Leath, photographer Shropshire Star and agreed by all at time of taking to use.
