YOUR JOURNEY, OUR EXPERTISE

At The Work College, our employment specialists are committed to supporting individuals into employment, apprenticeships or further education. With tailored guidance for careers in any field, guaranteed employment and progression. We help you make informed decisions and secure the perfect job for your unique skills and interests.

WHAT WE OFFER

We provide assistance to anyone seeking education or employment. Our umbrella organisation, School of Coding, offers complimentary courses in digital skills, social media marketing, and coding amongst others. Additionally, we offer personalised employability support through 1-2-1 CV sessions with our team of experts.

CRITERIA

- Need to be 15 - 24 years old.
- Can be in education.
- Cannot be in employment.
- Must live in Shropshire or Telford and Wrekin.

Department
for Work &
Pensions

“I would like to express my happiness in the customer service delivered by the team at The Work College. The team are very kind and understanding about everything, they do a spectacular job at representing the organisation. Their Employment Engagement officers are wonderful, my initial interview and the communication after was absolutely impeccable. Keep up this service and delivery.”

S.R
Participant

This project is funded by the European Social Fund and delivered by a partnership including The Work College by School of Coding. Partnering with IN2 Employment to offer a variety of training and learning provisions across the Marches LEP.

The aim of the programme is to promote economic and social inclusion which seeks to achieve the sustainable integration of young people ages 15 to 24 into the labour market.

Our goal is to help young people to participate in work or learning, by equipping them with the personal and transferable skills needed for work.
